

### Smart Distance Bracket

- Smart distance bracket is used for IN-BOX applications of Smart drawer slides.
- Fixing screw, use Ø6 mm diameter euro screw.
- In calculation of drawer dimensions, distance bracket thickness S=25 mm should be taken into account.

	Packing Size	Colour	Code
<b>Right</b>	Each	Grey	12790761
<b>Left</b>	Each	Grey	12790762

### Smart Marking Guide

- This template provides direct application to mark the front panels of Smart Box Drawers without any measurement.
- It can be used with 'without gallery railing', 'single and double gallery railings', 'side panel H:48 and H:112' models.
- Front panel can be adjustable up-down, right-left directions on the template.

Marking is done by hitting the front panel placed on the adjusted template.
