# LARGE CUTLERY TRAY

Italio Large Cutlery Trays are injection-moulded from high-impact styrene and are designed to be durable and strong. They are available in white and are solidly built with a 2mm thickness to prevent utensils penetrating through.

The trays have 6 compartments and can be cut to size to meet individual customer requirements, subject to minimum order quantities. Italio Cutlery Trays are dishwasher safe/washable and hygienically non-toxic to food. The Large Cutlery Tray is designed to fit 600mm drawers.

Packaging of the Italio Large Cutlery Tray is 15 units per carton.
